Dear FCC:

I am writing to complain about the proposed changes to the Universal Service
Fund and requesting that the FCC investigate this matter further before changing
the current policy. Your proposed $1.00 per month charge for all wireless
phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY $1.00 dollar regardless of how
they use their wireless phone, especially for a low-volume user that relies on
wireless service for safety and security, not interstate calls. The current
policy is fair, based on interstate usage, and should be left alone. Please do
not penalize us. Keep this fair.

I am a pre-paid user - I can't get a contract for a phone and only pay on my
phone every 3 months, your program will have such an impact on my financial
ability to have a monthly bill, My wife and I will no longer be able to feel
safe while traveling since we can't have a monthly phone bill. One month we may
use 100 minutes but the next only 5 minutes - it would not be fair for me to pay
this fee when my cell phone is used for emergency only. This hasent been a very
well thought out bill and I ask PLEASE revise it to exclude pre-paid users, most
prepaid users are low income users and we CAN NOT AFFORD to pay monthly bills.
Most of us have a a 90 day bill-pay program and this would wipe out our current
trac-phone agreements....

I ASK AGAIN PLEASE HELP REVISE THIS PLAN!

Thank you for your support
